

Data Challenge 3 Management

from: [LSST Wiki Table of Contents](#).

Data Challenge 3 will focus primarily on the processing at the Archive Center that generates a Data Release.

This page collects documents related to the management and execution of Data Challenge 3.

A draft document from Dave Monet on astrometry for DC3 is [?here](#).

DC3 Startup Tasks

- [Tasks to be done prior to start of DC3 software development](#)
- [appsDiscuss Discuss changes to application framework for DC3](#)

Simulations for DC3
